Rebecca Myers

Rebecca Myers Collection, a Baltimore based boutique jewelry studio, blends time-honored techniques to produce refined, chic and feminine designs. Rebecca finds sublime beauty in natural forms.

Her pieces embrace the materials and artistry of fine crafted jewelry, but also capture a contrast in materials and the dichotomy inherent in nature.

Rebecca works in high karat gold and oxidized silver, and often uses diamonds to achieve a dusting effect rather than the focus. Each piece of jewelry is designed by Rebecca herself and produced in her Clipper Mill studio.
